

Phase 6: Non-spatial Dimensions Cannot Close the Within-Class Gini Gap

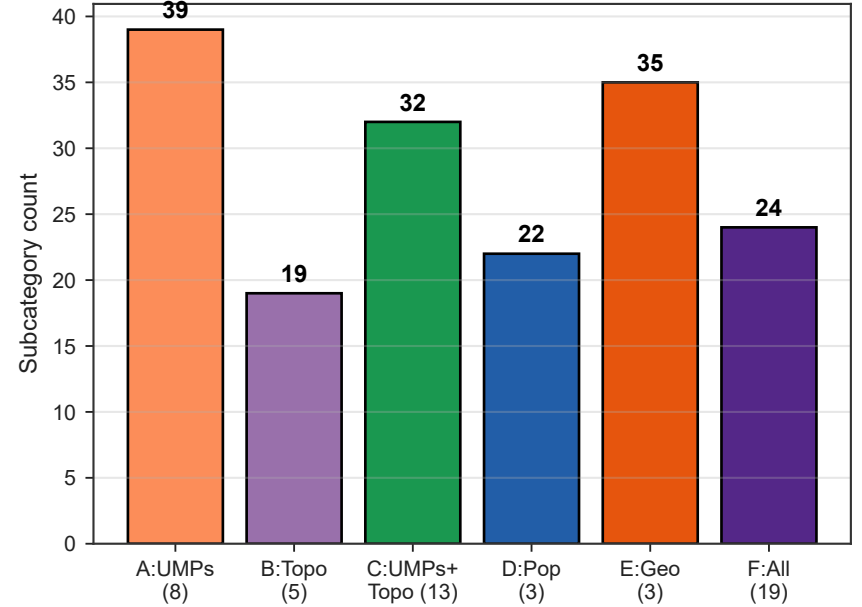

(a) Hypothesis test across 6 clustering schemes

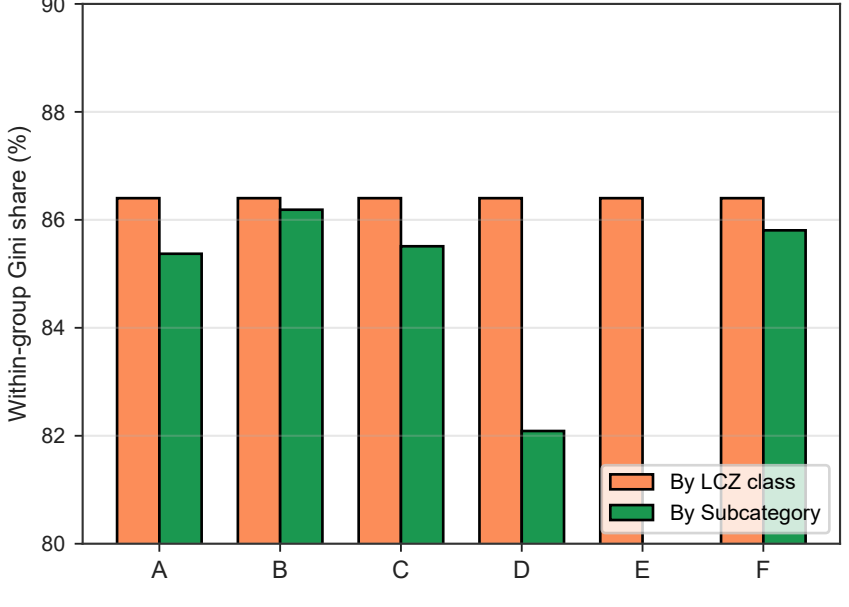

(b) More features ≠ more reduction

(c) Subcategory count by scheme

(d) Within-group Gini share

BREAKTHROUGH

Spatial form (UMPs)	+1.03 pp
Spatial topology	+0.21 pp
Form + topology	+0.89 pp
Population only	+4.31 pp
Geography only	+10.81 pp
All independent (19 ft)	+0.60 pp

Max = 10.81 pp > 5 pp

14.30 M residents · 9 LCZ classes · July 2020
